Your experience and training will be scored using the experience and training value system designed for this position. Those applicants with the highest number of total points will be advanced for additional consideration.

In order to receive the correct points and credit for the knowledge and skills you have acquired, it is absolutely necessary that you are specific when describing these skills. Do not use a single general statement to describe the duties you have performed. List each major duty performed for each position held within the past five years. Whether you are describing your experience as a clerical worker or a truck driver, list each duty separately and be specific. Describe duties in specific terms, such as “performed word processing using Word,” or operated forklift, front end loader and back hoe.” Statements such as “performed general clerical work” or “operated heavy equipment” are too general.

Please be specific in stating the dates of employment and number of hours you worked per week for each job experience indicated. We need this information to properly score your experience. If hours worked per week vary, please use the average number of hours worked per week.

Please give accurate and complete information. List your present or most recent experience first.
